- a) Stanford International College of Business and Technology is committed to providing its students with an educational environment free from sexual violence and treating its students who report incidents of sexual violence with dignity and respect.

- c) The person accused of engaging in sexual violence will be referred to as the ‘Respondent’ and the person making the allegation as the ‘Complainant’.

### **2. Definition of Sexual Violence**

*“sexual violence” means any sexual act or act targeting a person’s sexuality, gender identity or gender expression, whether the act is physical or psychological in nature, that is committed, threatened or attempted against a person without the person’s consent, and includes sexual assault, sexual harassment, stalking, indecent exposure, voyeurism and sexual exploitation.*

*Ontario Career Colleges Act, 2005, Section 32.1 (1)*

### **3. Training, Reporting and Responding to Sexual Violence**

- a) Stanford International College of Business and Technology shall include a copy of the Sexual Violence Policy in every contract made between it and its students, and provide a copy of the Sexual Violence Policy to the college management (corporate directors, controlling shareholders, owners, partners, other persons who manage or direct the career college’s affairs, and their agents), instructors, staff, other employees and contractors and train them about the policy and its processes of reporting, investigating and responding to complaints of sexual violence involving its students. \*Any company participating in offering student internships on their premises must provide an undertaking in writing that it is in compliance with all applicable legislation, including the *Ontario Human Rights Code* and the *Occupational Health and Safety Act* and will provide students access to those policies should they encounter issues relating to sexual violence in the workplace.
- b) The Sexual Violence Policy shall be published on the college’s website.

- c) Career college management, instructors, staff, other employees and contractors of Stanford International College of Business and Technology will report incidents of or complaints of sexual violence to the VP of Human Resources upon becoming aware of them.

## You Can Contact A Sexual Assault/Domestic Violence Treatment Centre

Ontario Network of Sexual Assault/Domestic Violence Treatment Centres are hospital-based centres that provide 24/7 emergency care to women, children, and men who have been sexually assaulted or who are victims or survivors of domestic violence (intimate partner) abuse. Services include:

- Emergency medical care
- Crisis intervention
- Collection of forensic evidence
- Access to emergency contraception and preventative treatment for sexually transmitted infections
- Medical follow-up
- Counselling
- Referral to community resources.

You can choose to have centre staff conduct a physical examination, offer medical care and/or collect any physical (forensic) evidence of a recent sexual assault. It is your decision whether you wish to report the assault to the police or provide the forensic evidence. If you think you were drugged and sexually assaulted, Sexual Assault/Domestic Violence Treatment Centres can also test to determine the presence of drugs in your body.
